Good afternoon, colleagues.

Thank you very much for supporting Ukraine at this difficult moment, when cities are being destroyed and children are being abducted.

I turn to you for help, employment, housing. About myself and my family: I am Blinkova Olena, 40 years old, Doctor of Biological Sciences, professor, specialty - theoretical ecology, forest ecology, population ecology, biodiversity conservation, 2 sons (16 years old and 3 years old), my husband is on military duty in Ukraine. Thanks for support

Best regards, Olena
